

Close the Loophole, Invest in Local Communities

www.MakeItFairCA.com

California has the world’s 6th largest economy, yet many of our schools and local services lack the basic funding they need. Big corporations and the wealthy are making more money than ever. They can afford to pay their fair share.

We can no longer afford to keep giving billions of dollars in tax breaks to millionaires, billionaires and big corporations. Closing California’s commercial property tax loophole restores \$9 billion for schools, community colleges and other vital community services, including health clinics, trauma care and emergency rooms, parks, libraries and public safety.

Make It Fair guarantees Prop 13 remains in effect with no changes for homeowners, residential renters and farmers. This is only about changing the commercial property tax loophole.
